

Design of Pickleball Court on a Tennis Court with Suggested Colours

- The "non-volley zone" will be marked with 2 inch lines around its perimeter, preferably in a shade of red. The main-body of the zone will remain the existing blue colour of the tennis court.
- The serving/playing zone will be shaded smoke grey
- existing white tennis centerline will be extended to the baseline of the pickleball playing area.
- "L" shaped corner markers will be painted at each of the four corners of the pickleball courts. Size to be approximately 2 inches wide, six inches by six inches, with the preferred colour being a shade of red.
